

Congressman Huelskamp
126 Cannon HOB
Washington, DC 20115

Dear Congressman Huelskamp:

As Catholic and members of Sacred Heart Church in Larned, Kansas, we ask you to take a bold stance against the administration's mandate that is contrary to our conscience. It is abhorrent that almost every employer and insurance company in the country will be forced to provide sterilization and contraceptives, including abortion-inducing drugs in their health plan. Even when we have moral religious objections, we would be required to provide such coverage.

This is a violation of one of our basic rights when we are forced to provide products of which we do not approve. The federal government has indeed overstepped its bounds. We beg you to support the free exercise of our religious tenets, a right which is assured by the Bill of Rights.

Please co-sponsor the Respect for Rights of Conscience Act (H.R. 1179, S. 1467) which insures that the rights of conscience of all participants in our nation's health care system will be respected.

Sincerely yours,

Senator Jerry Moran
354 Russell State Office Building
Washington DC 20510
